

# CALL FOR PAPERS

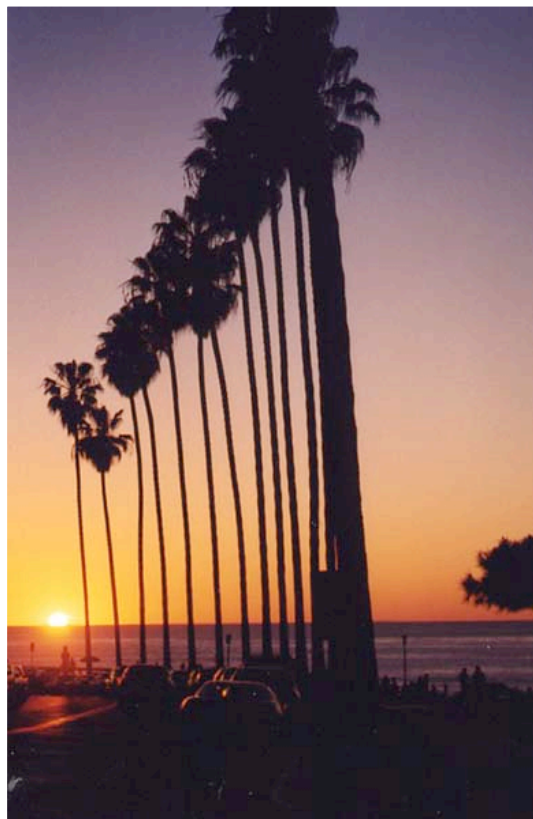

## NAFIPS 2007

San Diego, CA

June 24-27, 2007

[www.nafips.org/nafips07](http://www.nafips.org/nafips07)

### VENUE

You are warmly invited to participate in NAFIPS 2007, to be held in San Diego, California. San Diego is one of the most beautiful cities in the United States with great weather year round. It provides a unique and stimulating environment for NAFIPS-07. Between the spectacular settings, miles of sandy shoreline, golf courses, and world-famous attractions, San Diego is an ideal location for a few extra days of pre- or post-conference recreation.

### AIMS AND SCOPE

NAFIPS-07 aims to bring together researchers, engineers and practitioners to present the latest achievements and innovations in the area of fuzzy information processing, to discuss thought-provoking developments and challenges, to consider potential future directions.

### TOPICS of interest include, but are not limited to:

Fuzzy sets methodology/Algorithms/Mathematics	Neurofuzzy systems/Evolutionary optimization/
Computational Intelligence/Learning	Adaptive systems/Uncertainty management
Fuzzy modeling/Intelligent data analysis	Control/Robotics/Computer vision
Pattern recognition/Image processing	Bioinformatics/Software engineering/Intelligent agents
Data mining/Databases	Applications/Computational experiments/Case studies
Human-centric interfaces/Visualization	Hybrid architectures

### SPECIAL TOPIC SESSIONS

Proposals for special sessions focusing on fundamental theories and innovative applications of fuzzy sets are welcome. Submission of proposals should include a short description of the session, its relevance to NAFIPS-07, and a list of potential contributors. Special sessions will be open to all participants.

### BEST STUDENT PAPER CONTEST

To identify and recognize outstanding student research, the best student papers will be recognized with a special award. To qualify, a student or a group of students must be the primary author(s) of the paper. The paper will be judged based on both manuscript content and presentation. Awards will be presented at the banquet.

### IMPORTANT DATES

Special Topic Session proposals due:	<b>January 31, 2007</b>
Paper Abstracts due:	<b>February 28, 2007</b>
Notification of Acceptance:	<b>March 26, 2007</b>
Final Papers and Early Registration:	<b>April 23, 2007</b>
